Mission
The mission of the web site will be to present my works from architecture school and describe projects.

Audience
The audience will be future employers, school professors and possibly clients.

Contents
- Projects (includes sketches, computer renderings, computer drawings etc.)
  - competitions
  - internships
  - school projects
  - project descriptions

  Background and Information
  - Resume

  Contact information

Design and style
The design and layout of the site will be minimal and simple so that users can easily navigate.

Graphics
There will be graphics provided for all projects including pictures, computer drawings, renderings, and sketches.

Page
The site will have less than 10 pages with 8 projects or less. However, the number of pages may vary in the future.
